

# NEIGHBORHOOD LEADER PROGRAM

Are you interested in really making a difference in electing Democrats – from River Delta Fire District to President of the United States?

The unchallenged and most effective way is person-to-person (mother to son, co-worker to co-worker, neighbor to neighbor).

The DPSC Neighborhood Leader Program (NLP) is a year-round, *every* year, program that provides you with the knowledge, training, resources, and opportunity to:

- Meet with and engage Democrats and Independents in your neighborhood.
- Find out what's important to them and learn more about the issues that impact your own neighborhood.
- Focus on commonalities - all those issues that make you both Democrats.
- Update information about your neighbors so you can help them, inform them, and motivate them.
- Explain and educate your neighbors on Democratic issues, values, and candidates.
- Make sure they vote either by mail or in person. And, most important,
- Meet your neighbors and have some fun!

We provide you with all the training and materials you will need. Our NLP is computer/web based so you preserve and update the information and data that you need and that the Party will need in the future.

This one to one personal contact is the best way to make a difference – nothing comes close. And you'll have a great time.

To volunteer or for more information, contact our Neighborhood Leader Director, Anna Molander, at [nlp@sacdems.org](mailto:nlp@sacdems.org).
